

The Chamber has partnered with YouScience, an innovative aptitude and career discovery tool designed to prepare students and young adults, empower educators, and inform administrators.

## Why should a business engage with this platform?

- **Be Discovered.** Upon completion of the assessment, individuals can explore opportunities with organizations that match their unique skill set. Create an employer profile to be discovered.
- **Keep Talent Local.** YouScience is utilized all over the country, but it is designed to showcase local organizations first.
- **Engage with Talent.** YouScience helps students and young adults engage in experiential learning opportunities. Set up an employer profile to engage with talent sooner.
- **Build Community.** Let's work together and create alignment through a unified talent solution.

## How do I create a free employer profile?

- 1 Go to [employers.youscience.com](https://employers.youscience.com).
- 2 Click the 'Create an account' link to get started with a Workforce signup.
- 3 Complete the required fields and agree to the Terms of Service to set up your account.
- 4 You will receive an email from YouScience to verify the account. Click that to complete your account setup.
- 5 Return to the login page and enter your email and password to sign in and view your employer homepage.
- 6 Click 'Manage Your Profile' to post information for students and educators to see, including your organization, your website and social media links, work-based learning opportunities or internships you offer, and the kinds of careers and entry-level jobs you value.

## What else can I do?

Your employer profile is always free, but there are premium options that provide greater visibility and information. Contact the Chamber at [careercenter@westcoastchamber.org](mailto:careercenter@westcoastchamber.org) to learn more.
